(1) The quoted cost is valid for a positive outcome (successful tracking); in case of failure (the number doesn't hook, user off, user can't be reached, etc.), no charge. Cost valid for trackings between 06.00 (GMT time) and 24.00 (GMT time). An "out of hours" fee of € 40,00 /each must be added in event of trackings outside these times.

In event of failure the amount is managed according to Art. 5.8 and Art. 5.9 T&C (third party fees excluded).

(2) The quoted cost is valid for a positive outcome (successful tracking); in case of failure (the number doesn't hook, user off, user can't be reached, etc.), no charge. Cost valid for trackings between 08.00 (GMT time) and 22.00 (GMT time). An "out of hours" fee of € 70,00 /each must be added in event of trackings outside these times.

**Please ask our offices if your carrier is supported and about limitations and details of the service.**

**The minimum notice to request a triangulation is 24 hours before the desired date/time when the customer wishes the query. Tracings with less notice won't be satisfied. Also the full payment must be performed until this deadline.**

Evasion of the outcome occurs as soon as the tracking system is able to perform the triangulation and gives us back the outcome. The tracking time is variable and depends on how long the terminal (mobile phone) takes to answer.

Accuracy of the position is variable according to the density of the BTS antennas in the area nearby the device.
